

Dear Parents,

In our continuous efforts to provide the best possible care to our campers and staff, Camp Mi-Te-Na is once again partnering with CampDoc.com.

CampDoc.com is an electronic health record system for camps, and will help us consolidate and integrate camper health information into a centralized and secure location. Their system will give our doctors and nurses instant access to camper health information, a key component in providing quality patient care.

The security, confidentiality and privacy of your camper's personal health information will always be protected. Only Camp Mi-Te-Na's health staff will have access to camper health information, and the CampDoc.com site is secure, encrypted and password protected.

We are excited to continually evolve - building safer, more productive and more efficient systems to create the best experience for you and your family.

We can't wait to see you this summer,

Matthew Hanson
